Victor LED is a subsidiary of Victor Group, a brand renowned for excellence in electronics, and consumer durables with a presence of more than 3 decades in the Indian market.

Poised to create futuristic products for a greater population, Future LED under the brand name **Victor LED** has created a revolution in the LED Lighting market in India in a short span of just 7 years. People-centric methodology has always been at the core of our company, paving the foundation for smart innovation in the future of lighting technology. Our Cutting-edge technology, energy efficiency and durability has helped **Victor LED** lights be a runner for a greener and a safer future. With our increasing presence across the country, even in the adverse time of pandemic company diversified and launched 4 more divisions in its product basket (**FANS, HEATER, GEYSERS AND IRON**) with this virtuous move 100% of all new division are made in India to support factories and supporting Atma Nirbhar Bharat.

Victor LED's growth is predicted to continue to be equally sturdy going forward. We are focused on improving lives through significant innovation in the area of lighting and our consumer durables and its extend.

Darkness cannot drive out darkness, **Victor LED** can do that...
